

Fuel Transportation Problem

- ⊖ The drivers steal the fuel during the transportation
- ⊖ Immediate fuel loss when the vehicle stops
- ⊖ Risks and accidents caused by non-standard modification

What Streamax Can Do

- ⊕ Provide live video evidence for driver behavior
- ⊕ Create alarm when the fuel tank cover is opened
- ⊕ Support video recording when the ignition is off
- ⊕ Support video and GPS tracking to ensure the safety of both the vehicle and the driver

GPS - Provide accurate location evidence to show where the vehicle is

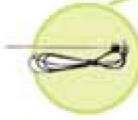

WiFi - Auto download and backup video file for later checking

X1 MDVR - Reliable hard disk MDVR for long time storage of all data

UPS - Extra power supply to ensure no file is missed when the vehicle power is off

Fuel Sensor - Detect the oil and alarm when the level abnormally drops

Camera - Provide high resolution to record clear video, suitable for working both in the day and night
